The Rattlesnake Conservancy

LEVEL 2R VENOMOUS HANDLING CERTIFICATION COURSE:

INTRODUCTION TO FIELD AND RESEARCH TECHNIQUES

13/09/2026

this certifies that

Sienna Sunkara-Sinkwich

has satisfactorily completed the course of study for the Level 2R Venomous Handling Certification Course prescribed by The Rattlesnake Conservancy. The course involves a rigorous program of hands-on training with venomous reptiles, including venom toxinology, snakebite management in a field setting, field research techniques, ethical research considerations, safe restraint, and sample collection.
