HEALTH & SAFETY *Outline the learning objectives and briefly describe how this training contributes to an understanding of Health & Safety requirements*	Please leave blank if not applicable
PROFESSIONAL SKILLS *Outline the learning objectives and briefly describe how this training contributes to the management or supervision of contracts, people or resources*	In the Smarter Construction Waste Management: Practical Strategies with WasteHub webinar, attendees gained practical tools and insights for improving construction waste management on site. They learned how WasteHub can support smarter waste decisions, how to identify recycling and product stewardship opportunities, and how waste management planning can uncover cost savings. Participants also discovered how to spot misleading sustainability claims and avoid greenwashing. Through decades of industry experience and research, the presenters equipped builders with strategies they can apply straight away to reduce waste, improve site efficiency, and strengthen the long-term sustainability of their business.
