

Certificate of Completion

This certificate is presented to

Ριζόπουλος Κων/νος

For completing the training course “Quickstart to Research Data Management”

The digital certificate acknowledges the successful participation in the workshop "Good practices in research data management" that took place in PALC 31 at Ioannina. It focused on the basic understanding and application of FAIR Principles and key best practices in research data management, promoting Open and Responsible Research and Innovation to support improved research practices and broader scientific impact.
